

NEW GLADIATOR 571 BLADE

LENGTH 17.47 m | BEAM 4.8 m | 2 CABINS | YEAR 2024

Canados

The 571 Blade is a stunning Gladiator model capable of top speeds from 37 to 57 knots. Exterior design is based on the Gladiator 493 with some interesting additions. New features include a reverse sofa above the swim platform for clients who like water sports; side lockers for cockpit fenders; built-in reverse armchairs forward; and a sizable tender garage. The base-model power comes from twin 725-horsepower Volvo Penta D11s. Options include triple or quadruple 600-horsepower Mercury V12s. Range is between 240 to 350 nautical miles at cruising speeds. Construction is vacuum-bagged E-glass with carbon-fibre components, including the hardtop. For the interior layout, owners can choose two staterooms with two heads, a salon and a captain's cabin; or three staterooms and two heads with either a salon or a captain's cabin.
